

Wiggly Worm

Sensory Processing Classes for Preschool through Age 6

We're offering this special class series for parents and their child with sensory processing concerns

- **Dates:** Sept. 4 – Oct. 30, 2019
- **Time:** Wednesdays, 4:30-6:00 PM
- **Location:** Easterseals-Goodwill,
9035 S 700 E in Sandy
(Cost is \$65 to cover supplies)

Signs your child may have sensory issues:

- Excessively seeks movement
- Reverts back or hides when too much is going on
- Bothered by bright lights
- Easily distracted
- Overly sensitive to noise
- Avoids touch
- Is a picky eater

**Space is limited so register your child today.
Call Janet Wade at 801-633-2091 or
email janetw@esgw.org**

Here's what you'll gain through this 8-week series:

- A better understanding of each of the sensory areas and how they function
- Ability to recognize sensory processing concerns in your child
- A personalized set of easy and effective strategies you can use at home to make your child's world a more sensory-friendly place and make your everyday life easier

Each class builds upon skills learned the previous week, so attending all sessions is very important. At the end of the 8-week series you will come away with a personalized sensory program that supports your child's ability to focus and learn.
