

Supporting individuals with intellectual and developmental disabilities to lead self-directed lives and participate fully in our
WYOMING
community.

SERVICES:

- 33 individuals with intellectual disabilities and acquired brain injuries received supports and services in community supports and community living services in 2020
- 26 individuals lived in homes and independent apartments within their community with supports toward independent living in 2020

SOCIAL BENEFIT:

"The staff take such good care of my son, they are quick to take him to provide him medical support when needed and make sure he gets to go places he wants to go. They make my life much easier knowing that my son is well taken care of since I live so far away."

- Parent of Easterseals Wyoming services recipient

"I give it an A+. I have been here for 13 years and I've made great friends, I live in my own apartment, and during my obstacles you guys took great care of me. It's the best place to be."

- Jared Frisk, Easterseals Wyoming service recipient

ECONOMIC BENEFIT:

- 38 staff employed in Wyoming in 2020
- \$1,277,337 total salaries and benefits paid to employees in 2019 (most current year available)

Through individualized support we provide opportunities to promote personal growth and wellness.

Each person living in one of our homes or apartments sets goals to achieve their independence.

... Together we create opportunities that change lives.
